What does it mean to you to inspire inclusion and support gender equity?

I am a specialist in Physical Medicine and Rehabilitation (PMR) at Lions Gate Hospital and G.F. Strong Rehabilitation Centre. I am grateful to have trained with incredible champions for inclusion and gender equity through the UBC Division of PMR and to belong to a family dedicated to empowering women.

My mentors have shown me that inspiring inclusion and promoting women leaders is done through showing up in leadership roles to champion others. I try to live up to the example they have set.

Intentionally gathering different perspectives fuels my curiosity, fills in my blind spots and builds a trusting, safe and fun team culture.
